Mendocino County Community School
2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. - For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/. - For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/. - For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Mendocino County Community School is a WASC accredited academic program offered through the Mendocino County Office of Education. This is a program designed to serve students in grades 7-12. Students attending this school that have been expelled, referred by probation, referred by School Attendance Review Board (SARB), referred by school districts and/or foster/homeless youth per education code 1981 residing in and/or enrolled in schools located within Mendocino County. The average length of stay of students attending this program is approximately one year. Multiple levels of support are offered through community partnerships (Mendocino County Probation, Mendocino Community College, CASA of Mendocino County) in addition to the support provided by the Mendocino County Office of Education through Workforce Development, Educational Services, and Foster/Homeless Youth.

Mission Statement: Honor all students. We support our students by delivering a relevant and rigorous education to meet the terms of their expulsion, probation, and/or SARB contracts so they may successfully return to their home district.

Vision: It is our vision to prepare students so that they re-enter their home district as successful students and citizens.

Goals of the Mendocino County Community School are aligned with the Local Control Accountability Plan and focus on Increasing Student Achievement, Developing and Sustaining Authentic Relationships and Developing Sustainable Community Relationships and Partnerships.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	--	0	3	0	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement	State Priority: Parental Involvement
	The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

The staff at Mendocino County Community School implements procedures and protocols that encourage parent participation. During student intake/enrollment, parents are an integral component of the meeting as they enroll their student and become familiar with the staff and the site. During this time our Schoolwide Learner Outcomes, Rules/Expectations, academic/behavioral/attendance history is reviewed with both the parent and student. When students are beginning their transition back to their district of residence, parents are also involved in the transition plan which includes meetings with the school counselor and principal. All staff have an open door policy and much contact is made when students arrive or depart from the school site. Parent outreach occurs each day regarding student absences, concerns about student behavior or positive anecdotes. The principal, school counselor and student accountability specialist communicate with parents on a daily basis. Parents are invited to attend School Site Council and LCAP Stakeholder meetings. Parent input and concerns are actively cultivated through surveys that are initiated through telephone, text, email and general mail delivery. Parents are strongly encouraged to contact the school's principal, counselor, administrative secretary/registrar and the school accountability specialist at any time with questions or concerns.

C. Engagement	State Priority: Pupil Engagement

2023-24 School Safety Plan

The safety plan for Mendocino County Community School is included in the overall plan that has been created for all sites that operate through the Mendocino County Office of Education. The safety plan for Mendocino County Community School was updated August 2022 with requested input from staff, students and parents. All staff has immediate access to the plan. Key elements of the plan include protocols and procedures for emergency/disaster drills including Room Clear, Lockdown, Quarantine and Public Safety Power Shut-Off. All staff members are required to successfully complete on-line trainings including Child Abuse Reporting, Germ and Pest Management, Youth Suicide: Awareness, Human Trafficking Awareness, Illness and Injury Prevention. In preparation for on site emergencies, all classrooms are provided with portable 'bucket' facilities, emergency backpacks, first aid kits and communication devices. The School Safety Plan was reviewed by the Safety Committee in December 2022 and will be ready for board review in January 2023. The plan is scheduled to be reviewed, updated, and discussed with school faculty and a student representative on Jan. 18, 2023.

Professional Development

Teachers attend four professional development days prior the the start of the school year, one embedded during the year and one at the end of the school year. Throughout the academic year, one day weekly is also used for staff meetings, professional development and Professional Learning Community meetings. Meetings dedicated to the Professional Learning Community take place once per month.

Through the WASC accreditation process, the staff identified specific areas of professional development designed to

Professional Development

accompany our identified objectives and goals. This process provided a venue for staff to voice areas of need and request levels of support. The primary areas of professional development follow the identified goals and objectives increasing student achievement and developing and sustaining authentic relationships.   The primary areas of focus regarding increasing student achievement include basic understanding of and curricular implementation of Common Core State Standards, highly effective instructional strategies, research based student engagement practices, and increasing rigor and student voice in the classroom. The primary area of focus regarding developing and sustaining authentic relationships includes the larger topic of social emotional triage (trauma informed practices, restorative practices) as determined by staff as to what is predominately our greatest area of need.

Professional development is provided through instructional readings/book clubs, online conferences, virtual trainings and small group research into demonstrated areas of need. Staff meetings are used to provide support for the trainings, discuss implementation models and review effectiveness.

This table displays the number of school days dedicated to staff development and continuous improvement.
